AMERICAN JOURNAL

OF

PHARMACEUTICAL EDUCATION

INDEX TO AUTHORS

INDEX TO SUBJECTS AND TITLES

VOLUME 31

FEBRUARY, MAY,

AUGUST, NOVEMBER

1967

(The December issue—the proceedings of the 1967 teachers' seminar on pharmacognosy—is indexed separately.)

INDEX TO AUTHORS

Abou-Chaar, C. I., A course in biosynthesis of plant constituents for graduate students in pharmacognosy and pharmaceutical chemistry, 196.

Araujo, O. E., Study of a system of two partially miscible liquids: an experiment in physical pharmacy, 193.

Bernardi, Vincent, Memorial to H. M. Beal, 251.

Bester, J. F., Who will teach them?, 188.

Blake, M. I., Seminar for pharmacy undergraduates, 221.

Blaug, S. M., Contact lenses and their solutions (faculty forum), 74.

Blissitt, C. W., Report of the committee on relationships of boards and colleges, 329.

Bliven, C. W.
- Executive Committee (AACP) minutes of the annual meeting (1967), 365; minutes of the interim meeting (1966), 88; minutes of the post-session meeting (1967), 378;
- Report of degrees conferred by schools and colleges of pharmacy for the academic year 1965-1966, 39;
- Report of the directors of the American Foundation for Pharmaceutical Education, 355;
- Report of the executive secretary-treasurer, 310;
- Summary of the sixty-eighth (1967) annual meeting, AACP, 362.

Blockstein, W. L., A programmed learning course in toxicology, 454.

Blythe, R. H., The pharmaceutical scientist in industry: qualifications and training, 481.

Brady, L. R., Conference of teachers: its potential and limitations, 302.

Briggs, W. P., Partnership for progress, 433.

Brodie, D. C., Report of the committee on resolutions, 330.

Burger, Alfred, Some problems and trends in medicinal chemistry, 159.

Burlage, H. M.
- Memorial to Carl Clarence Albers, 549;
- Motivating influences to the study of pharmacy. V. 1961-1966, 225.

Claus, E. P.
- Address of the president: "introspection," 281;
- Learning by doing (president's section), 103.

Cohen, J. L., Determination of a complex stability constant by the solubility technique, 476.

Connors, K. A., see Cohen, J. L.

Cooper, B.
- A note on personality and attitudes to instructional media, 467;
- Students' attitudes to learning from programs, lectures, and textbooks, 461.

Danti, A. G., Conference of teachers' section, 385, 538.

Digenis, G. A., see Abou-Chaar, C. I.

Dunker, F. W., Memorial to E. R. Crandall, 114.

Fenninger, L. D., Health manpower—a great contemporary revolution, 294.

Ferguson, N. M., Drug information retrieval, 34.

Foy, J. M., see Cooper, B.

Garvey, J. J., see Kaplan, H. M.

Geiler, F. L., Memorial to G. A. Bergy, 115.

Gerraughty, R. J.
Philosophy of the terminal pharmacy course (faculty forum), 228;
Report of the committee on audio-visual education, 336.

Gibson, M. R., Report of the committee on curriculum, 325.

Granberg, C. B.
Editorials, 106, 242, 383, 536;
President George L. Webster: a biographical sketch, 275;
Report of the editor of the American Journal of Pharmaceutical Education, 317.

Green, M. W., Between twenty-five and forty, 439.

Guess, W. L., Toxicology: a sixth discipline in colleges of pharmacy, 447.

Gumtow, R. H., A student experiment in pharmaceutics: determination of the pKa and the intrinsic solubility of phenobarbital in water, 515.

Haavik, C. O., see Blockstein, W. L.

Hammarlund, E. R., Report of the committee on community health services, 336.

Hammel, R. W., Pharmacy schools' services to student health clinics and related activities, 494.

Hartman, C. W., Report of the special committee on government service, 346.

Hilliard, N. L., Drug specialties: a course for pharmacy students, 524.

Holcomb, G. N., Diabetes, insulin, and oral hypoglycemics (faculty forum), 80.

Jacoff, M. D., Introducing pharmacy administration: a function of undergraduate orientation, 178.

Johnson, R. E., see Musulin, Michael.

Kabat, H. F., Report of the joint committee on hospital pharmacy, 342.

Kaplan, H. M., American Association for Laboratory Animal Science, 469.

Kellett, J. C., Jr., Success of schools of pharmacy in the competition for support of undergraduate science education projects, 139.

Kildsig, D. O., see Smolen, V. F.

Kurtz, F. C., Report of the commercial auditor, 69.

Leaders, F. E., see Pendleton, R. G.

Lemberger, A. P., see Blockstein, W. L.

Lichtin, J. L., see Pattison, K. L.

Look, K. W., see Hammel, R. W.

Mahaffey, F. T., Report of the secretary of the American Council on Pharmaceutical Education, Inc., 318.

Matthews, A. W., Remarks of the chairman of the Canadian Conference of Pharmaceutical Faculties, 299.

McDonald, H. J., Some aspects of electrophoresis in stabilized media, 212.

Mercer, F. L., Report of the joint committee on pharmacy college libraries, 328.

Miller, C. E., Report of the committee on constitution and bylaws, 325.

Musulin, Michael, The role of pharmacy administration in preparing tomorrow's practicing pharmacist, 172.

Myers, M. J., Education as a factor in the reduction of pharmacy law violators, 144.

Nobles, Lewis
Graduate enrollment data, September, 1966 and graduate study in member colleges, 1967-1968, 64;
Report of the committee on graduate programs, 341.

Ohvall, R. A., Curricular barriers to attainment of pharmacy administration objectives, 29.

Orth, R. E., Teaching and researching in Britain, 183.

Parks, L. M.
Pharmaceutical education for the future, 22;
Report of the special joint committee of AACP and Conference of Teachers, 346.

Parrott, E. L.
Student experiments in pharmaceutical technology. IV. coating of solids, 1;
V. kinetics of aspirin hydrolysis, 4;
VI. evaluation of dosage forms by urinary excretion, 152.

Parsons, W. H., Physics: its place in the pharmaceutical curriculum, 504.

Pattison, K. L., Suspensions by controlled flocculation (faculty forum), 528.

Pendleton, R. G., A student laboratory exercise to demonstrate the influence of pH upon drug absorption, 18.

Peters, Lawrence, see Pendleton, R. G.

Petersen, R. V.
Conference, confusion, and revolution, 9;
Report of the representative to the Conference of Teachers, 353.

Rhodes, H. J., see Blake, M. I.

Ruggiero, J. S., A training program in toxicology, 451.

Salisbury, Rupert, The doctrine of publish or perish *vs.* faculty participation in programs of continuing education and other nonresearch activities, 518.

Simonelli, A. P., The terminal course in pharmacy: content (faculty forum), 237.

Skauen, Donald, Report of the committee on undergraduate research awards, 335.

Smith, J. M., see Pendleton, R. G.

Smith, M. C., Some notes on graduate student recruitment in pharmacy administration, 148.

Smolen, V. F., Vapor pressure and solubility of small particles, 512.

Sprowls, J. B.
Report of the chairman of the Executive Committee, 306;
Report on enrollment in schools and colleges of pharmacy first semester, term, or quarter, 1966-1967, 41;
A study of the geographical distribution of pharmacy students for the academic year 1966-1967, 48.

Susina, S. V., The scope of the terminal course in pharmacy (faculty forum), 231.

Van Horne, R. L., Memorial to Lawrence E. Gale, 550.

Walaszek, E. J., see Pendleton, R. G.

Watkins, C. E., The development of admission procedures for a school of pharmacy, 486.

Weaver, W. E., Report of the committee on educational policies, 327.

Webster, G. L.
Address of the vice president: the vice president's outlook on opportunity or planning effective professionalism for the AACP, 289;
Report of the special committee on internship training, 349.

White, A. I.
Report of the committee on continuation studies, 338;
Report of the committee on recruitment aids, 343.

Whitworth, C. W., A student laboratory experiment: using the frog to demonstrate the influence of certain additives on drug absorption (faculty forum), 534.

Winek, C. L., see Ruggiero, J. S.

Wurdack, P. J., The medical service representative: his place in pharmaceutical education, 167.

Yantis, L. D., see Whitworth, C. W.

Youngken, H. W., Jr.
Memorial to D. P. N. Tsao, 250;
Report of the committee on future enrollment problems, 339.

Zografi, George, An approach to the teaching of factors influencing emulsion formation, 206.

INDEX TO SUBJECTS AND TITLES

Address
of the president: "introspection," E. P. Claus, 281;
of the vice president: the vice president's outlook on opportunity or planning effective professionalism for the AACP, G. L. Webster, 289.

Admission procedures for a school of pharmacy, the development of, C. E. Watkins, 486.

Albers, C. C., Memorial to, H. M. Burlage, 549.

American Association of Colleges of Pharmacy
1967-1968 committee appointments and other information, 388;
Delegates and representatives to the sixty-eighth (1967) annual meeting, 391;
Executive Committee, minutes of the annual meeting (1967), C. W. Bliven, 365; minutes of the interim meeting (1966), C. W. Bliven, 88; minutes of the post-session meeting (1967), C. W. Bliven, 378;
Institutions holding membership in the, 394;
Past places of meetings and past officers, 399;
Report of degrees conferred by for the academic year 1965-1966, C. W. Bliven, 39;
Special joint committee on the and the Conference of Teachers, report of the, L. M. Parks, 346.

American Association for Laboratory Animal Science, H. M. Kaplan and J. J. Garvey, 469.

American Council on Pharmaceutical Education, Inc., report of the secretary of the, F. T. Mahaffey, 318.

American Foundation for Pharmaceutical Education, report of the directors of the, C. W. Bliven, 355.

American Journal of Pharmaceutical Education, report of the editor of the, C. B. Granberg, 317.

Announcements, 108, 244, 401, 542.

Approach (An) to the teaching of factors influencing emulsion formation, George Zografi, 206.

Audio-visual education, report of the committee on, R. J. Gerraughty, 336.

Auditor (commercial), report of the, F. C. Kurtz, 69.

Beal, H. M., Memorial to, Vincent Bernardi, 251.

Bergy, G. A., Memorial to, F. L. Geiler, 115.

Between twenty-five and forty, M. W. Green, 439.

Biographical sketch (A), president George L. Webster, C. B. Granberg, 275.

Biosynthesis of plant constituents (A course in) for graduate students in pharmacognosy and pharmaceutical chemistry, C. I. Abou-Chaar and G. A. Digenis, 196.

Births, 112, 247, 403, 543.

Boards and colleges of pharmacy, report of the committee on relationships of, C. W. Blissitt, 329.

Book reviews, 121, 258, 413, 557.

Books reviewed

Actions of chemicals on dividing cells, 133.

Advances in analytical chemistry and instrumentation, Vol. 5, 130.

Advances in applied microbiology, Vol. 8, 427.

Advances in pharmacology, Vol. 4, 419.

Airborne microbes, 563.

Alchemy, medicine, and religion in China of A.D. 320, 572.

Alcoholic beverages in clinical medicine, 123.

American pharmacy: an introduction to pharmaceutical technics and dosage forms, 6th ed., 121.

The amphetamines: toxicity and dependence, 129.

Antibiotics—advances in research, production and clinical use, 417.

Anticancer agents, 427.

Applied pharmaceutical calculations, 420.

Aspects of Asian and pacific pharmacy, 417.

Bargaining for health: labor unions, health insurance, and medical care, 573.

Weeds of the world, 130.

Britain, teaching and researching in, R. E. Orth, 183.

Bylaws, report of the committee on constitution and, C. E. Miller, 325.

Canadian Conference of Pharmaceutical Faculties, remarks of the chairman, A. W. Matthews, 299.

Changes in staff titles, 112, 247, 403, 544.

Chemistry
(Medicinal), some problems and trends in, Alfred Burger, 159;
(Pharmaceutical), a course in biosynthesis of plant constituents for graduate students in pharmacognosy and, C. I. Abou-Chaar and G. A. Digenis, 196.

Coating of solids, student experiments in pharmaceutical technology. IV., E. L. Parrott, 1.

Colleges of pharmacy
Institutions holding membership in the American association of, 394;
Report of the committee on relationships of boards and colleges, C. W. Blissitt, 329;
Toxicolgy: a sixth discipline in, W. L. Guess, 447.

Community health services, report of the committee on, E. R. Hammarlund, 336.

Committee appointments and other information, AACP, 1967-1968, 388.

Committee reports (AACP), see names of individual committees (1967 mostly in the August issue) pp. 306-355.

Conference, confusion, and revolution, R. V. Petersen, 9.

Conference chairman's section, A. G. Danti, 385, 538.

Conference of teachers
Its potential and limitations, L. R. Brady, 302;
Report of the representative to the, R. V. Petersen, 353;
Special joint committee on the AACP and, report of the, L. M. Parks, 346.

Constitution and bylaws, report of the committee on, C. E. Miller, 325.

Contact lenses and their solutions (faculty forum), S. M. Blaug, 74.

Continuation studies, report of the committee on, A. I. White, 338.

Council (American) on pharmaceutical education, inc., report of the secretary of the, F. T. Mahaffey, 318.

Course (A) in biosynthesis of plant constituents for graduate students in pharmacognosy and pharmaceutical chemistry, C. I. Abou-Chaar and G. A. Digenis, 196.

Crandall, E. R., Memorial to, M. F. W. Dunker, 114.

Curricular barriers to attainment of pharmacy administration objectives, R. A. Ohvall, 29.

Curriculum
(Pharmaceutical), the place of physics in the, W. H. Parsons, 504;
Report of the committee on, M. R. Gibson, 325.

Delegates and representatives to the sixty-eighth (1967) annual meeting, AACP, 391.

Determination of a complex stability constant by the solubility technique, J. L. Cohen and K. A. Connors, 476.

Determination of the pKa and the intrinsic solubility of phenobarbital in water, a student experiment in pharmaceutics, R. H. Gumtow, 515.

Development (The) of admission procedures for a school of pharmacy, C. E. Watkins, 486.

Diabetes, insulin, and oral hypoglycemics (faculty forum), G. N. Holcomb, 80.

Doctrine (The) of publish or perish *vs.* faculty participation in programs of continuing education and other nonresearch activities, Rupert Salisbury, 518.

Dosage forms, evaluation of by urinary excretion, student experiments in pharmaceutical technology, VI., E. L. Parrot, 152.

Drug absorption
A student laboratory exercise to demonstrate the influence of pH upon, R. G. Pendleton *et al.*, 18;
Using the frog to demonstrate the influence of certain additives on, a student laboratory experiment (faculty forum), C. W. Whitworth and L. D. Yantis, 534.

Drug information retrieval, N. M. Ferguson, 34.

Drug specialties: a course for pharmacy students, N. L. Hilliard, 524.

Editor of the American Journal of Pharmaceutical Education, report of the, C. B. Granberg, 317.

Editorials, C. B. Granberg, 106, 242, 383, 536.

Education
As a factor in the reduction of pharmacy law violations, M. J. Myers, 144;
(Audio-visual), report of the committee on, R. J. Gerraughty, 336;
(Continuing), the doctrine of publish or perish *vs.* participation in programs of and other nonresearch activities, Rupert Salisbury, 518;
(Pharmaceutical)
For the future, L. M. Parks, 22;
Medical service representative (The): his place in, P. J. Wurdack, 167;
Report of the AACP directors of the American foundation for, C. W. Bliven, 355;
Report of the editor of the American journal of, C. B. Granberg, 317;
Report of the secretary of the American council on, F. T. Mahaffey, 318.

Electrophoresis, some aspects of in stabilized media, H. J. McDonald, 212.

Emulsion formation, an approach to the teaching of factors influencing, George Zografi, 206.

Enrollment
(Future) problems, report of the committee on, H. W. Youngken, Jr., 339;
(Graduate) data, September, 1966 and graduate study in member colleges, 1967-1968, L. W. Nobles, 64;
In schools and colleges of pharmacy first semester, term, or quarter, 1966-1967, J. B. Sprowls, 41.

Evaluation of dosage forms by urinary excretion, student experiments in pharmaceutical technology. VI., E. L. Parrott, 152.

Executive Committee
Chairman, report of the, J. B. Sprowls, 306;
Minutes of the annual meeting (1967), C. W. Bliven, 365; interim meeting (1966), C. W. Bliven, 88; post-session meeting (1967), C. W. Bliven, 378.

Executive secretary-treasurer, report of the, C. W. Bliven, 310.

Experiment
In pharmaceutical technology
IV. coating of solids, E. L. Parrott, 1;
V. kinetics of aspirin hydrolysis, E. L. Parrott, 4;
VI. evaluation of dosage forms by urinary excretion, E. L. Parrott, 152;
(A student) in pharmaceutics: determination of the pKa and the intrinsic solubility of phenobarbital in water, R. H. Gumtow, 515;
(A student laboratory): using the frog to demonstrate the influence of certain additives on drug absorption (faculty forum), C. W. Whitworth and L. D. Yantis, 534.

Faculty forum
Contact lenses and their solutions, S. M. Blaug, 74;
Diabetes, insulin, and oral hypoglycemics, G. N. Holcomb, 80;
Philosophy of the terminal pharmacy course, R. J. Gerraughty, 228;
Scope (The) of the terminal pharmacy course, S. V. Susina, 231;
Suspensions by controlled flocculation, K. L. Pattison and J. L. Lichtin, 528;
Student (A) laboratory experiment: using the frog to demonstrate the influence of certain additives on drug absorption, C. W. Whitworth and L. D. Yantis; 534;
Terminal (The) course in pharmacy: content, A. P. Simonelli, 237.

Gale, L. E., Memorial to, R. L. Van Horne, 550.

General news, 116, 253, 408, 552.

Geographical distribution (A study of the) of pharmacy students for the academic year 1966-1967, J. B. Sprowls, 48.

Government service, report of the special committee on, C. W. Hartman, 346.

Graduate
Enrollment data, September, 1966 and graduate study in member colleges, 1967-1968, L. W. Nobles, 64;
Programs, report of the committee on, L. W. Nobles, 341;
Students, a course in biosynthesis of plant constituents for in pharmacognosy and pharmaceutical chemistry, C. I. Abou-Chaar and G. A. Digenis, 196.

Health manpower—a great contemporary revolution, L. D. Fenninger, 294.

Hospital pharmacy, report of the joint committee on, H. F. Kabat, 342.

Index to volume 31, 581.

Industry, the pharmaceutical scientist in, qualifications and training, R. H. Blythe, 481.

Institutions holding membership in the American Association of Colleges of Pharmacy, 394.

Instructional media, a note on personality and attitudes to, B. Cooper and J. M. Foy, 467.

Insulin, diabetes, and oral hypoglycemics (faculty forum), G. N. Holcomb, 80.

Interim meeting (1966) of the AACP Executive Committee, minutes of the, C. W. Bliven, 88.

Internship training, report of the special committee on, G. L. Webster, 349.

Introducing pharmacy administration: a function of undergraduate orientation, M. D. Jacoff, 178.

Kinetics of aspirin hydrolysis, student experiments in pharmaceutical technology. V., E. L. Parrott, 4.

Learning by doing (president's section), E. P. Claus, 103.

Libraries (pharmacy college), report of the joint committee on, F. L. Mercer, 328.

Marriages, 112, 247, 403, 543.

Medical service representative (The): his place in pharmaceutical education, P. J. Wurdack, 167.

Memorial to
C. C. Albers, H. M. Burlage, 549;
H. M. Beal, Vincent Bernardi, 251;
G. A. Bergy, F. L. Geiler, 115;
E. R. Crandall, M. F. W. Dunker, 114;
L. E. Gale, R. L. Van Horne, 550;
D. P. N. Tsao, H. W. Youngken, Jr., 250.

Memorials, 114, 250, 549.

Minutes of the AACP Executive Committee, annual meeting (1967), C. W. Bliven, 365; interim meeting (1966), C. W. Bliven, 88; post-session meeting (1967), C. W. Bliven, 378.

Motivating influences to the study of pharmacy. V. 1961-1966, H. M. Burlage, 225.

New books, 136, 272, 430, 577.

New staff members, 112, 248, 404, 545.

News (general), 116, 253, 408, 552.

Note (A) on personality and attitudes to instructional media, B. Cooper and J. M. Foy, 467.

Oral hypoglycemics, diabetes and insulin and (faculty forum), G. N. Holcomb, 80.

Orientation (undergraduate), introducing pharmacy administration: a function of, M. D. Jacoff, 178.

Partnership for progress, W. P. Briggs, 433.

Past places of meetings and past officers, AACP, 399.

pH, a student laboratory exercise to demonstrate the influence of upon drug absorption, R. G. Pendleton *et al.*, 18.

Pharmaceutical education for the future, L. M. Parks, 22.

Pharmaceutical scientist (The) in industry: qualifications and training, R. H. Blythe, 481.

Pharmaceutics, a student experiment in: determination of the pKa and the intrinsic solubility of phenobarbital in water, R. H. Gumtow, 515.

Pharmacist, the role of pharmacy administration in preparing tomorrow's practicing, Michael Musulin and R. E. Johnson, 172.

Pharmacognosy, a course in biosynthesis of plant constituents for graduate students in pharmaceutical chemistry and, C. I. Abou-Chaar and G. A. Digenis, 196.

Pharmacy
- College libraries, report of the joint committee on, F. L. Mercer, 328;
- Course
  - Philosophy of the terminal (faculty forum), R. J. Gerraughty, 228;
  - Scope (The) of the terminal (faculty forum), S. V. Susina, 231;
  - Terminal (The): content, A. P. Simonelli, 237;
- (Hospital), report of the joint committee on, H. F. Kabat, 342;
- Law violations, education as a factor in the reduction of, M. J. Myers, 144;
- Motivating influences to the study of. V. 1961-1966, H. M. Burlage, 225;
- (Physical), study of a system of two partially miscible liquids: an experiment in, O. E. Araujo, 193;
- Report of the committee on relationships of boards and colleges of, C. W. Blissitt, 329;
- (Schools of)
  - Development (The) of admission procedures for, C. E. Watkins, 486;
  - Success of in the competition for support of undergraduate science education projects, J. C. Kellett, Jr., 139;
- Schools' services to student health clinics and related activities, R. W. Hammel and K. W. Look, 494;
- Students, a course in drug specialties for, N. L. Hilliard, 524;
- Undergraduates, seminar for, M. I. Blake and H. J. Rhodes, 221.

Pharmacy administration
- Curricular barriers to attainment of objectives of, R. A. Ohvall, 29;
- Introducing: a function of undergraduate orientation, M. D. Jacoff, 178;
- Role (The) of in preparing tomorrow's practicing pharmacist, Michael Musulin and R. E. Johnson, 172.

Philosophy of the terminal pharmacy course (faculty forum), R. J. Gerraughty, 228.

Physics: its place in the pharmaceutical curriculum, W. H. Parsons, 504.

Policies, report of the committee on educational, W. E. Weaver, 327.

Post-session meeting, AACP Executive Committee, minutes of the (1967), C. W. Bliven, 378.

President
- Address of the: "introspection," E. P. Claus, 281;
- George L. Webster, a biographical sketch, C. B. Granberg, 275.

President's section, learning by doing, E. P. Claus, 103.

Programmed (A) learning course in toxicology, W. L. Blockstein, C. O. Haavik, and A. P. Lemberger, 454.

Programs, lectures, and textbooks, students' attitudes to learning from, B. Cooper and J. M. Foy, 461.

Publish or perish, the doctrine of *vs.* faculty participation in programs of continuing education and other nonresearch activities, Rupert Salisbury, 518.

Relationships of boards and colleges of pharmacy, report of the committee on, C. W. Blissitt, 329.

Remarks of the chairman of the Canadian Conference of Pharmaceutical Faculties, A. W. Matthews, 299.

Report of
- AACP directors of the American Foundation for Pharmaceutical Education, C. W. Bliven, 355;
- The commercial auditor, F. C. Kurtz, 69;
- Degrees conferred by schools and colleges of pharmacy for the academic year 1965-1966, C. W. Bliven, 39;
- The editor of the American Journal of Pharmaceutical Education, C. B. Granberg, 317;
- Enrollment in schools and colleges of pharmacy first semester, term, or quarter, 1966-1967, J. B. Sprowls, 41;
- The Executive Committee chairman, J. B. Sprowls, 306;
- The executive secretary-treasurer, C. W. Bliven, 310;
- The secretary of the American Council on Pharmaceutical Education, Inc., F. T. Mahaffey, 318.

Reports of the AACP committees, delegates, directors, and representatives, see names of committees and organizations.

Representatives and delegates to the sixty-eighth (1967) annual meeting, AACP, 391.

Resolutions, report of the committee on, D. C. Brodie (submitted by C. W. Bliven), 330.

Role (The) of pharmacy administration in preparing tomorrow's practicing pharmacist, Michael Musulin and R. E. Johnson, 172.

Scope (The) of the terminal course in pharmacy (faculty forum), S. V. Susina, 231.

Secretary-treasurer (executive), report of the, C. W. Bliven, 310.

Seminar for pharmacy undergraduates, M. I. Blake and H. J. Rhodes, 221.

Small particles, vapor pressure and solubility of, V. F. Smolen and D. O. Kildsig, 512.

Solubility technique, determination of a complex stability constant by the, J. L. Cohen and K. A. Connors, 476.

Some aspects of electrophoresis in stabilized media, H. J. McDonald, 212.

Some problems and trends in medicinal chemistry, Alfred Burger, 159.

Special committee
- On the AACP and the Conference of Teachers, report of the, L. M. Parks, 346;
- On government service, report of the, C. W. Hartman, 346;
- On internship training, report of the, G. L. Webster, 349.

Stability constant, determination of a complex by the solubility technique, J. L. Cohen and K. A. Connors, 476.

Staff changes, 112, 247, 403, 544.

Student health clinics and related activities, pharmacy schools' services to, R. W. Hammel and K. W. Look, 494.

Student (A) laboratory exercise to demonstrate the influence of pH upon drug absorption, R. G. Pendleton *et al.*, 18.

Students' attitudes to learning from programs, lectures, and textbooks, B. Cooper and J. M. Foy, 461.

Study (A) of the geographical distribution of pharmacy students for the academic year 1966-1967, J. B. Sprowls, 48.

Study of a system of two partially miscible liquids: an experiment in physical pharmacy, O. E. Araujo, 193.

Success of schools of pharmacy in the competition for support of undergraduate science education projects, J. C. Kellett, Jr., 139.

Summary of the sixty-eighth (1967) annual meeting, AACP, C. W. Bliven, 362.

Suspensions by controlled flocculation (faculty forum), K. L. Pattison and J. L. Lichtin, 528.

Teaching and researching in Britain, R. E. Orth, 183.

Technology (pharmaceutical)
- Student experiments in. IV. coating of solids, E. L. Parrott, 1;
- Student experiments in. V. kinetics of aspirin hydrolysis, E. L. Parrott, 4;
- Student experiments in. VI. evaluation of dosage forms by urinary excretion, E. L. Parrott, 152.

Terminal (The) course in pharmacy: content (faculty forum), A. P. Simonelli, 237.

Toxicology
- Program (A training) in, J. S. Ruggiero and C. L. Winek, 451;
- Programmed (A) learning course in, W. L. Blockstein, C. O. Haavik, and A. P. Lemberger, 454;
- Sixth discipline (A) in colleges of pharmacy, W. L. Guess, 447.

Training (A) program in toxicology, J. S. Ruggiero and C. L. Winek, 451.

Tsao, D. P. N., Memorial to, H. W. Youngken, Jr., 250.

Undergraduate science education projects, success of schools of pharmacy in the competition for support of, J. C. Kellett, Jr., 139.

Vapor pressure and solubility of small particles, V. F. Smolen and D. O. Kildsig, 512.

Vice president, address of the: the vice president's outlook on opportunity or planning effective professionalism for the AACP, G. L. Webster, 289.

Webster, George L., president, a biographical sketch, C. B. Granberg, 275.

Who will teach them?, J. F. Bester, 188.

INDEX TO AUTHORS

Beal, J. L., Motivation of students for graduate study in pharmacognosy, 689.

Brady, L. R., Procedures and problems of implementing integrated study: didactic instruction, 625.

Briggs, W. P., Greetings from the American Foundation for Pharmaceutical Education, 593.

Catalfomo, Philip, Is an integrated study of natural products feasible for achieving the instructional objectives of pharmacognosy?, 621.

Claus, E. P., Greetings from the American Association of Colleges of Pharmacy, 591.

Deno, R. A.
Development and implications of pedagogic interrelationships among pharmacognosy and other pharmaceutical sciences, 597;
Summary of discussions, 651.

Gibson, M. R., The core curriculum in pharmacognosy: philosophy, content, and implementation, 639.

Kelleher, W. J., Impact of an integrated instructional program on the study of biosynthetic processes involving antibiotics, 683.

Knevel, A. M., Is an integrated study of natural products feasible for achieving the instructional objectives of pharmaceutical analysis?, 611.

Paul, A. G., Procedures and problems of implementing integrated study: laboratory instruction, 633.

Perlman, David, Impact of an integrated instructional program on the study of biosynthetic processes involving biotransformations, 671.

Schwarting, A. E., The core curriculum in pharmacognosy: relationship to integrated study, 645.

Tyler, V. E., Jr., Interrelationships among pharmacognosy and other pharmaceutical sciences: introductory remarks, 595.

Witiak, D. T., Is an integrated study of natural products feasible for achieving the instructional objectives of medicinal chemistry?, 607.

Wolf, H. H., Is an integrated study of natural products feasible for achieving the instructional objectives of pharmacology?, 618.

Zografi, George, Is an integrated study of natural products feasible for achieving the instructional objectives of pharmaceutics?, 615.

INDEX TO SUBJECTS AND TITLES

American Association of Colleges of Pharmacy, greetings from the, E. P. Claus, 591.

American Foundation for Pharmaceutical Education, greetings from the, W. P. Briggs, 593.

Antibiotics, impact of an integrated instructional program on the study of biosynthetic processes involving, W. J. Kelleher, 683.

Biosynthetic processes
Impact of an integrated instructional program on the study of involving antibiotics, W. J. Kelleher, 683;
Impact of an integrated instructional program on the study of involving biotransformations, David Perlman, 671.

Biotransformations, impact of an integrated instructional program on the study of biosynthetic processes involving, David Perlman, 671.

Core curriculum (The) in pharmacognosy: philosophy, content, and implementation, M. R. Gibson, 639;
Relationship to integrated study, A. E. Schwarting, 645.

Development and implications of pedagogic interrelationships among pharmacognosy and other pharmaceutical sciences, R. A. Deno, 597.

Didactic instruction, procedures and problems of implementing integrated study in, L. R. Brady, 625.

Discussions, summary of, R. A. Deno, 651.

Graduate study in pharmacognosy, motivation of students for, J. L. Beal, 689.

Greetings from the American Association of Colleges of Pharmacy, E. P. Claus, 591.

Greetings from the American Foundation for Pharmaceutical Education, W. P. Briggs, 593.

Impact of an integrated instructional program on the study of biosynthetic processes involving antibiotics, W. J. Kelleher, 683.

Impact of an integrated instructional program on the study of biosynthetic processes involving biotransformations, David Perlman, 671.

Index of proceedings of the teachers' seminar on pharmacognosy, 1967, 701.

Interrelationships among pharmacognosy and other pharmaceutical sciences: introductory remarks, V. E. Tyler, Jr., 595.

Is an integrated study of natural products feasible for achieving the instructional objectives of medicinal chemistry?, D. T. Witiak, 607.

Is an integrated study of natural products feasible for achieving the instructional objectives of pharmaceutical analysis?, A. M. Knevel, 611.

Is an integrated study of natural products feasible for achieving the instructional objectives of pharmaceutics?, George Zografi, 615.

Is an integrated study of natural products feasible for achieving the instructional objectives of pharmacognosy?, Philip Catalfomo, 621.

Is an integrated study of natural products feasible for achieving the instructional objectives of pharmacology?, H. H. Wolf, 618.

Laboratory instruction, procedures and problems of implementing integrated study in, A. G. Paul, 633.

Medicinal chemistry, is an integrated study of natural products feasible for achieving the instructional objectives of?, D. T. Witiak, 607.

Motivation of students for graduate study in pharmacognosy, J. L. Beal, 689.

Natural products
- Is an integrated study of feasible for achieving the instructional objectives of medicinal chemistry?, D. T. Witiak, 607;
- Is an integrated study of feasible for achieving the instructional objectives of pharmaceutical analysis?, A. M. Knevel, 611;
- Is an integrated study of feasible for achieving the instructional objectives of pharmaceutics?, George Zografi, 615;
- Is an integrated study of feasible for achieving the instructional objectives of pharmacognosy?, Philip Catalfomo, 621;
- Is an integrated study of feasible for achieving the instructional objectives of pharmacology?, H. H. Wolf, 618.

Pharmaceutical analysis, is an integrated study of natural products feasible for achieving the instructional objectives of?, A. M. Knevel, 611.

Pharmaceutical sciences
- Development and implications of pedagogic interrelationships among pharmacognosy and other, R. A. Deno, 597;
- Interrelationships among pharmacognosy and other: introductory remarks, V. E. Tyler, Jr., 595.

Pharmaceutics, is an integrated study of natural products feasible for achieving the instructional objectives of?, George Zografi, 615.

Pharmacognosy
- Core curriculum (The) in: philosophy, content, and implementation, M. R. Gibson, 639;
- Core curriculum (The) in: relationship to integrated study, A. E. Schwarting, 645;
- Development and implications of pedagogic interrelationships among other pharmaceutical sciences and, R. A. Deno, 597;
- Interrelationships among other pharmaceutical sciences and: introductory remarks, V. E. Tyler, Jr., 595;
- Is an integrated study of natural products feasible for achieving the instructional objectives of?, Philip Catalfomo, 621;
- Motivation of students for graduate study in, J. L. Beal, 689.

Pharmacology, is an integrated study of natural products feasible for achieving the instructional objectives of?, H. H. Wolf, 618.

Philosophy, content, and implementation of the core curriculum in pharmacognosy, M. R. Gibson, 639.

Procedures and problems of implementing integrated study: didactic instruction, L. R. Brady, 625.

Procedures and problems of implementing integrated study: laboratory instruction, A. G. Paul, 633.

Registrants at the teachers' seminar on pharmacognosy, 696.

Summary of discussions, R. A. Deno, 651.
